Barre Body® class descriptions

Barre Body® 1

A modern, challenging, and safe barre class that sculpts your body while providing a calorie-burning cardio workout. Set to an up-tempo and fun mix of music, this class targets specific muscle groups through repetitive movements. It incorporates weights, therabands, exercise balls, and the ballet barre to build core strength while developing long, lean, flexible muscles.

Barre Body® 2

A classically inspired and challenging barre workout that draws on both ballet and jazz disciplines. The workout includes the same types of exercises and movements as our original Barre Body® class and moves fluidly through floor barre, the ballet barre, and standing barre exercises. This class moves at a slightly faster pace than Barre Body® and with more flow and emphasis on dance and ballet vocabulary and complex choreography.

Barre Body® Ballet

An innovative approach to a ballet barre workout with both classical and upbeat music. The class begins with a short mat warm-up, flows into traditional ballet exercises at the barre, and finishes with therapeutic floor barre and Barre Body® exercises.

Meditation w/ BE: Explore and experience multiple modalities of mindfulness to start your own personal practice of meditation. In 12 sessions we will cover techniques of breathing, visualization, centering and awareness to help you rest and relax. No fee for class however donations appreciated and will benefit NextStep Pilates.
